

How to Stop Aging & Start LivingSM

By Elixir

*'The Only Anti-Aging Guru
Who Has Actually Stayed Young'
---Marilyn Much, Investor's Business Daily*

My classmates and childhood friends have all grown old, fat, and ugly. I can still **pass for 20-something at almost 50.**

I'm still getting carded. Still chased by suitors half my age. I've stayed as slim as in senior high.

I make love with the potency and stamina of a young man. Without Viagra.

And I just love family and class reunions!

My name is Elixir. I've been on the only scientific anti-aging life-extension program for almost a quarter of a century.

Want to learn **how I've stayed young and how you can too?** You can in *How to Stop Aging & Start Living: The Elixir Program.*

Science knows of only one sure way to stay "forever" young. It is the closest thing to the fountain of youth.

The **New York Times, Wall Street Journal, AP** etc. have all reported this scientific fact. Proven repeatedly in prestigious laboratories around the world.

Life Extension Foundation calls it "the only method proven to slow aging and extend lifespan in mammals... ."

The Elixir Program is *based on* the anti-aging life-extension discovery by **Dr. Clive McCay, M.D.** at **Cornell Medical School.**

This is *still* our only *major* anti-aging breakthrough!

In fact, it is so powerful it can **reverse age-related changes in gene expression in a few weeks.** And **even in old rats!** (Proceedings of the National Academy of Sciences, Sept. 4, 2002, Stephen Spindler, Ph.D.)

Even **Dr. Robert Atkins** was forced to admit that it is "the best researched and most generously documented (of all anti-aging programs)." **Barry Sears** calls it "the Holy Grail of anti-aging."

But amazingly most people still don't know about it.

Or if they do, they've been told it's "too difficult."

*Well, what if they're wrong?
Dead wrong?*

For almost 25 years, I have tackled this challenge. Through trial and error, I have succeeded in turning this scientific anti-aging life-extending regimen into *la dolce vita* (The Sweet Life).

The result?

Life Extension Magazine writes: "Imagine living to 120 and beyond, with youthful vigor, free of disease...Elixir is living proof of the process."

Investor's Business Daily's Senior Reporter Marilyn Much has crowned Elixir "*the only anti-aging guru who has actually stayed young.*"

Dr. David Weeks, M.D., known for his study of those who look much younger than their age, writes that Elixir is "*amazingly youthful...he is his own best argument for (The Elixir Program).*"

Seeing is Believing

My face is wrinkle-free. My skin glows. It's baby smooth.

My body is virtually fat-free. A 26 inch waist. My BMI (body mass index) is that of a teenager.

Cellulite-free tight, smooth buns. Taut fat-free abdominals, All **without Gym Torture.**

A full head of hair, still black. No liver spots, no turtle neck.

Too good to be true? *Investor's Business Daily's* Marilyn Much exclaims after meeting Elixir, "*Seeing is believing!*"

Protect Your Primary Asset

Legendary financier Sir Nathan Meyer **Rothschild** declared wisely "I've got to keep breathing. It'll be my worst business mistake if I don't."

In his old age, **Picasso** admitted he would willingly give up all his wealth and fame if he could only be young again.

Can You Afford to Die?

On her deathbed, **Queen Victoria** desperately offered "My kingdom for a moment of time."

Don't wait until a heart attack, stroke or cancer strikes to get her wisdom.

You don't have time to reinvent the wheel. And you can't afford to nickel and dime yourself.

When it's a matter of life and death, you simply can't afford trial and error.

Instead, you want to retain "the only anti-aging guru who has actually stayed young" as your personal coach.
